

TRADE IS LESS ACTIVE

OUTLOOK NOT SO OPTIMISTIC AS IT WAS A YEAR AGO.

Both General Business and Industry Now Being Conducted with Caution.

TWO DISTURBING ELEMENTS

WALL-STREET SPECULATION AND THE LABOR SITUATION.

Volume of Trade, However, Continues Large, Despite the Fact that Crops Are Moving Slowly.

NEW YORK, Oct. 16.—Bradstreet's to-morrow will say: "General trade and industry still lacks the spur of insistent demand which has been so conspicuously present in the autumn of recent years. Exceptions to this are noted in the Southwest, the hard winter wheat section, where the demand, as a whole, is reported equal to last year at some points in the Northwest and in the Pacific coast. In the central West business is fair, but in the East the quietness is increasing. Reports from the South are rather less optimistic, some portions of Tennessee and Florida, where crop yields are especially good, being excepted. Reasons for this are not far to seek. Sympathetic reflection of depression in securities is shown in more conservative and cautious buying at wholesale. Crops are generally slow to move. Cereal producers are apparently disinclined to accept present prices for their products, and the lower prices for cotton reached some time ago, with much less favorable advice from that crop, cloud the Southern prospect slightly. The shut-downs of iron furnaces fail to stimulate values in this line. Money is easier at the larger centers, but while this makes it less difficult to get accommodation, this very fact is regarded as evidence of quietness in many lines, releasing funds which ordinarily would be in active request. Collections are still complained of as slow. There are, however, some favorable features in the situation. The indisposition of producers to meet consumers' demands is a sign of an ability to hold, while the other side, not, indicates underlying prosperous conditions.

"Reports of suspension of improvement work by railroads come rather earlier than usual this year, but sales of new rails, cars and supplies point to much of this being largely seasonal. It is to be noted that, while dry goods and textiles report dullness in many places, groceries, hardware and food products are more active. New York price conditions being easier. Eastern cotton mills have not yet resumed in full, and are buying sparingly as yet, but there is rather better sale to cover orders booked. Reports from the Eastern jewelry manufacturing trade are quite good, and the shipments of shoes from Eastern centers break all previous years' records.

"Wheat (including flour) exports for the week ending Oct. 15 aggregated 2,865,610 bu., against 2,578,722 bu. last week, 5,246,688 bu. the week before, 1,905,641 bu. the week before that, 2,706,643 bu. in 1902. For fifteen weeks of the current year they aggregated 45,641,684 bu., against 25,786,245 bu. in 1902, 40,753,826 bu. in 1901, and 51,253,333 bu. in 1900. Corn exports for the week aggregated 1,416,412 bu., against 1,331,118 bu. last week, 3,047,614 bu. a year ago, 644,032 bu. in 1901, and 2,880,963 bu. in 1900. For fifteen weeks of the present year they aggregated 19,257,643 bu., against 13,450,985 bu. in 1901, and 46,481,397 bu. in 1902.

Fair Volume of Trade.

NEW YORK, Oct. 16.—R. G. Dun & Co.'s Weekly Review of Trade to-morrow will say: "While some contraction in trade and industry has undoubtedly taken place, it is not in proportion to the reduction of 20 per cent. in pig iron output, or the reaction in prices of securities, although in normal years these have usually worked fairly well together. Many branches of manufacture, however, are working full force, with large orders still unfilled, while the latest returns for the crops are more encouraging. Finance and labor are the disturbing elements this year, neutralized very largely by favorable commercial and agricultural conditions. The net result is a fairly well maintained volume of trade, offset by conservative buying and restricted new undertakings and proposed extensions of facilities. Railway earnings thus far available for October are 6.2 per cent. larger than last year and 12.7 per cent. above 1901.

Failures this week number 208 in the United States, against 266 last year, and in Canada 28, compared with 24 a year ago."

WESTERN COAL TRADE.

Particularly Bright Outlook for the Indiana and Illinois Output.

CHICAGO, Oct. 16.—The Black Diamond, official organ of the coal trade, reviewing the Western coal situation, to-morrow will say: "The most important feature of the Western coal trade during the week has been the continued easiness manifested in Eastern coals, particularly some grades of bituminous, and the tendency downward in prices of some of these coals. The Western coal situation, however, is not so encouraging. The coal trade is still suffering from the lack of transportation facilities, which has reduced the available supply to a considerable extent. In the anthracite trade, there are no predominant features. Demand from dealers has probably shown some increase over last week, but the market is yet far from being on an active basis.

"In the Western bituminous market this week, to speak in the language of the stock market, it is fair to say that New River smokeless has made a new low record. Prices are reported to be lower than they were a fortnight ago and there is some accumulation of demurrage coal which is causing anxiety. The market has been sacrificed in some instances rather than the shippers should pay demurrage charges on it, and prices have fallen lower than they were a fortnight ago. It is expected that the market will be somewhat better in the near future. New River mine-run has sold in a general way at from \$2.25 to \$3.50. This volume of mine-run has been a record, with a slight tendency to exist on mine-run. While this and New River continues in rather short supply and demand is still strong, it is not likely that prices will be materially affected.

"In Western coals prices are being well maintained on all descriptions. Indiana lump coal ranges from \$2.50 to \$3.50, and grades of c. b. Chicago, to \$2.50 to \$3.50 for best quality. Offers of \$2.50 for lump during the week have been made in Chicago in a number of instances. This is the price that obtained last summer, which indicates the gains that have been made from the standpoint of comparative values. Mine-run Indiana coal is in light supply and is selling around \$2.50 to \$3.50. Screenings have improved over the latter part of last week and prices are from 70c to 80c at the mines and from \$1.50 to \$2.00 at the best grades of Sullivan and Greene county screenings of c. b. Chicago.

"And the future for the Western coals is considered remarkably bright. If the mines of Colorado, Wyoming and other Western states are closed by strike, as seems probable at present, much of the fuel required in that territory will be drawn from the Missouri river valley, giving Iowa, Illinois and Ohio coals a wider market than at present."

BANK CLEARINGS OF A WEEK.

Decrease at New York Compared with a Year Ago Was 36.7 Per Cent.

NEW YORK, Oct. 16.—The following table, compiled by Bradstreet, shows the bank clearings at the principal cities for the week ended Oct. 15, with the percentage of increase and decrease as compared with the corresponding week last year:

She Wanted to Show Germans She Is a Citizen of the United States.

ST. LOUIS, Oct. 16.—A contemplated visit of one year with relatives in Germany was suddenly brought to an end by Mrs. Albert Glicker because the question of her citizenship arose and she hurried back to St. Louis to be naturalized.

Mrs. Glicker was born in Germany, but has lived in St. Louis for over forty years. Recently, while visiting relatives in Germany, she expressed the sentiment that the United States was her country. This was disputed, which resulted in her hastily returning and becoming naturalized in the Circuit Court. She is the second woman to be naturalized in Missouri this year.

UNDER A CHURCH BAN

THE REV. G. L. KETTEL BARRED FROM SERVING AS RECTOR.

Married a Divorced Woman and Thereby Incurred the Disapproval of Bishop Scarborough.

PHILADELPHIA, Oct. 16.—A matter that may become a celebrated case in the Protestant Episcopal Church in America became public to-day, when announcement was made that Bishop John Scarborough, of the diocese of New Jersey, had refused to approve the call to a church within his jurisdiction of a clergyman married to a woman who had been granted a divorce from her first husband—also an Episcopal clergyman. The case is that of the Rev. George F. Kettel, formerly assistant rector of Christ Church, Baltimore. His wife was originally Miss Bessie Bragg, of Pocomoke City, Md. She married the Rev. Clarence Franklin, February, 1900, and six months later they moved to Nebraska, where her husband was a minister. Later she secured a divorce in South Dakota on the grounds of non-support, unfaithfulness and cruelty. She then came back to Pocomoke City, Md. She married the Rev. Clarence Franklin, February, 1900, and six months later they moved to Nebraska, where her husband was a minister. Later she secured a divorce in South Dakota on the grounds of non-support, unfaithfulness and cruelty. She then came back to Pocomoke City, Md. She married the Rev.
